**Subject:** Microsoft Setlment

Dear judge,

Microsoft is in my opinion, has broken in the past and will continue to break many anti-trust laws with this back-room deal. The PFJ will not only allow Microsoft to have an unfair advantage on the market, but will also hinder other companies such as Netscape in having a fair chance at this thing called capitalism. Please do not allow this deal to go through. Thank you.

Sincerely,  
Landon Derentz
